tfmed@uni-frankfurt.de

Andrea Ablasser

École Polytechnique Fédérale de
Lausanne, CH

Rui Benedito

MPI for Molecular Biomedicine, DE

Rene Bernards

Netherlands Cancer Institute, NL

Michael Bronstein

AITHYRA, AT

Alena Buyx

Technical University of Munich, DE

Andreas Dengel

German Research Center for
Artificial Intelligence, DE

Ray Deshaies

Amgen, US

Stefanie Dimmeler

Goethe University Frankfurt, DE

Matthew Disney

Herbert Wertheim UF Scripps
Institute, US

Carlos Fernandez-Hernando

Yale School of Medicine, US

Gwenn Hansen

Nurix Therapeutics, US

Andrés Hidalgo

Yale School of Medicine, US

Dirk Jaeger

National Center for Tumor Diseases, DE

Aimo Kannt

Fraunhofer ITMP, DE

Jeff Kelly

Scripps Research, US

Ulrike Köhl

Fraunhofer/Leipzig University, DE

Daniela Krause

University Medical Center Mainz, DE

Bernhard Küster

Technical University of Munich, DE

Shiva Malek

Novartis Institutes for BioMedical Research, US

Pura Muñoz-Cánoves

Altos Labs, US

Dan Nomura

University of California, Berkeley, US

Johanna Olweus

Oslo University Hospital, NO

Michael Potente

Berlin Institute of Health/
Max Delbrück Center, DE

Roland Rad

Technical University of Munich, DE

Krishnaraj Rajalingam

University Medical Center Mainz, DE

Nikolaus Rajewsky

Berlin Institute for Medical Systems
Biology, DE

Kristy Red-Horse

Stanford University, US

Blanca Rodriguez

University of Oxford, UK

Wolfram Ruf

University Medical Center Mainz, DE

Maike Sander

Max Delbrück Center, DE

Ton Schumacher

Netherlands Cancer Institute, NL

Igor Stagljär

University of Toronto, CA

Hugues de Thé

Collège de France, FR

Fabian Theis

Helmholtz Munich, DE

Thomas Thum

Hannover Medical School, DE

Samra Turajlic

The Francis Crick Institute, UK

Maike Windbergs

Goethe University Frankfurt, DE

Georg Winter

AITHYRA, AT
